

Technical drawing of the front view of a machine. The machine is shown within a rectangular frame with hatched corners. Dimensions are indicated by arrows and numbers:

- Overall width: 2113
- Distance from left edge to start of main body: 1603
- Overall height: 2369
- Distance from top edge to start of main body: 700
- Distance from left edge to center of circular component: 1669
- Radius of circular component: 75
- Distance from center of circular component to start of main body: 1018
- Distance from start of main body to right edge: 650
- Width of main body: 1300
- Distance from right edge of main body to right edge of frame: 600
- Height of main body: 325
